Subject: SCEG

Dear Sir - this is to notify you that I am completely against the rate increase for Charleston County or for the great state of SC. I have seen my electric bill go from \$200 a month to over \$400 a month. We are a hard working family with four boys - we have worked hard not to recieve any help from our government. I wish it to remain this way.

Please vote no to the increase.

Best regards, Stacey Westbury
